#### \*Compost Certification:

**STA** - The US Composting Council's **Seal of Testing Assurance** Program; it assures that compost producers regularly sample & test compost using STA program-approved labs, for chemical, physical, and biological properties, using the same standardized testing methodologies. ([www.compostingcouncil.org](http://www.compostingcouncil.org))

**OMRI** - **Organic Materials Review Institute**; it assures product compliance with the regulations of the National Organic Program, and offers a third party review of compost "for use in organic production." ([www.omri.org](http://www.omri.org))
