

Marin is in a Severe Drought. Save Water.

Please read this important
information about water
use restrictions and water
conservation.

Para información en Español

We have had two consecutive dry years,
and rainfall levels over the past 18
months have been the lowest we have
on record in more than 140 years.

We are asking everyone in our service
area to partner with us to save
water. Please read this important
information about our water restrictions,
conservation tips, and programs to help
you save water.

Water Use Restrictions

Due to the severe drought, Marin Water has adopted water use restrictions to preserve our limited water supply.

- Spray irrigation is limited to one day per week. Each community has a designated watering day (see watering schedule below).
- Drip irrigation is limited to any two days per week.
- No outdoor watering between 9 a.m. and 7 p.m.
- Covers are required for all pools and spas.
- Do not wash vehicles at home. Use a carwash that recycles water instead.
- Do not power wash homes or businesses.
- Do not wash driveways or sidewalks.
- Do not waste water. Flooding gutters is prohibited.
- Leaks must be fixed within 48 hours of being discovered.
- Garden hoses must have a shutoff nozzle.
- Do not water grass on public medians.
- Do not use potable water for dust control, compaction, sewer flushing or street cleaning.
- Do not refill or top off decorative fountains.

For a full list of water use restrictions visit MarinWater.org/WaterRules. For questions or for additional information, email us at CustomerService@MarinWater.org or call **415.945.1400**.

To reduce water waste and enforce the watering rules, violations will first result in a written warning. The second violation will result in a \$25 fine, and subsequent violations will result in a \$250 fine.

Marin Water may grant exemptions or variances due to hardship, emergency conditions affecting health and safety, or to pursue an alternative means of compliance. To request a variance, email us at Variance@MarinWater.org.

Rebates and Resources to Help You Conserve

Cash for Grass: We're offering \$3 per square foot of lawn removed through October 31, 2021.

Mulch Madness: Sign up for our free sheet mulching program to replace your lawn. We'll deliver and install it, and cap your sprinklers.

Graywater Systems: Install a graywater system that reuses water from your washing machine for irrigation. We offer a \$100 discount on a graywater kit and free graywater workshops.

Flume Flow Meter: Install a Flume flow meter and access real-time water usage data on your phone or computer. It's easy to install, and straps on to your existing water meter.

Resources: We offer free water-efficient fixtures and phone consultations to help you find the conservation programs and rebates that work best for you. For a full list of rebates visit MarinWater.org/Rebates. You can also reach us at Conservation@MarinWater.org or call **415.945.1523**.

More Water-Saving Tips:

- Turn off the water when brushing your teeth.
- Take shorter showers.
- Capture and reuse water from your shower while you wait for the water to get warm.
- Do laundry and dishes only when you have a full load.
- Don't flush the toilet as often. Every flush you skip saves water.
- Check for leaks and fix them promptly.
- Drive your beautifully dirty car. A dirty car is a badge of honor during a drought.
