

Laundry to Landscape: Graywater System Example Parts List

To jump-start planning your graywater laundry to landscape project, this handout provides an example parts list and system diagram. To protect your property, neighbors, and the environment, you'll need to seek out additional information for proper system design. As each system varies based on the home and landscape, the final system you install may require fewer or more or slightly different components than depicted. This handout is provided for illustrative purposes only.

Marin Water has partnered with the Urban Farmer Store to offer a \$125 discount on your purchase of a laundry-to-landscape graywater kit (Mill Valley location). Application and additional information is available at marinwater.org/rebates or 415-945-1520.

1 Diverter (3-Way) Valve

1" Brass 3-Way Valve (Diverter Valve)
Avg. Qty: 1

A

Install in an accessible, visible location

1" PVC Male Adapter (Slip x Male Pipe Thread)
Avg. Qty: 2

B

1- OR 2- Hole Straps
Avg. Qty: 2 or as needed

C

1" PVC Schedule 40
Avg. Qty: approx. 10-30'

D

1" Barbed x 1" Male Pipe Thread
Avg. Qty: 1

E

Note: To connect to the diverter valve, smaller washer drain hoses may need a 3/4" Barbed x 3/4" Male Pipe Thread with a 1"x 3/4" PVC Threaded Bushing

1/2" x 1 1/4" Hose Clamp Stainless Steel
Avg. Qty: 1

F

2 Auto Vent

Auto Vent (In-Line Vent or AAV)
Avg. Qty: 1

G

1 1/2" PVC Adapter (Slip x Female Pipe Thread)
Avg. Qty: 1

H

1 1/2" x 1" PVC Bushing
Avg. Qty: 1

I

1" PVC Tee
Avg. Qty: 1

J

EXAMPLE OF AUTO VENT ASSEMBLY

Install at least 6 inches above top of clothes washer in an accessible, visible location

3 Transition to the Landscape Side of the System

1" PVC 90 or 45
Avg. Qty: approx. 1-4

K

Vacuum Breaker
Avg. Qty: 1

1" PVC Union
Avg. Qty: 1 (optional)

L

1" Barb x Insert Adapter
Avg. Qty: 1

M

1" Female Adapter Slip-Thread Coupling and 1" Barbed x 1" Male Pipe Thread
Avg. Qty: 1 each

Note: Alternative parts instead of 1" Barb x Insert Adapter

1" main-line PE Tubing
Avg. Qty: approx. 5-100'

N

4 Mulch Basin: Graywater Outlets

1" x 1/2" Barbed Reducing Tee
Avg. Qty: 0-11

O

1/2" PE Tubing
Avg. Qty: approx. 0-20'

P

Note: Inner Diameter: 0.6" x Outer Diameter: 0.7

1/2" Barbed Full-Port Ball Valve
Avg. Qty: 0-4

Visible Mulch Cover
Avg. Qty: 1-12

Q

Mulch Shield (7" irrigation valve box)
Avg. Qty: 1-12

R

Wood Chip or Bark Mulch (1/2"-3/4" chips)
Avg. Qty: project dependent

Note: Mulch can vary in appearance by color, texture, and source material

Additional Parts and Suggested Tools

1" PVC Coupling
Avg. Qty: As needed

1" Barbed Tee or Coupling
Avg. Qty: As needed

Garden Staples
Avg. Qty: As needed

Caulking
Avg. Qty: 1

PVC Industrial Grade Glue
Avg. Qty: 1/2 pint

Pipe Thread or Teflon Tape
Avg. Qty: 1 roll

PVC Cutter
Avg. Qty: 1

Channel Locks
Avg. Qty: 1
